Never able to pass that test
No matter how hard Iâ€™m trying
Golden medals on my chest
Donâ€™t mean that I deserve it

(chorus)
Wishing you the best
Never protest to your words

(repeat chorus)

Thereâ€™s no meaning in my words
No need to understand it
Iâ€™m just whistling to the birds
But sure they didnâ€™t even hear it

Giving you the rest
No end to a rest (x2)
For this one

(repeat chorus)

See my life is such a mess
Iâ€™m just a tired young man

For love my life has got no space
Forgive a tired young man
