Chorus:

I'd rather go blind, I'd rather go blind
I'd rather go blind, I'd rather go blind
I'd rather go blind, I'd rather go blind
I'd rather go blind, I'd rather go blind
Something that told me it was over with you
When I saw you and that boy were talking, well
Something deep down in my soul just said: 'You're
gonna cry babe'
When I see you in that band, you're just a young boy's
dream
I would rather go blind, babe
When I see you walking away from me
I would rather go blind, babe
When I see you walking away from me

Bridge:

I was just, I was just
I was just sittin' here thinkin' 'bout
I was just, I was just
I was just sittin' here thinkin' 'bout

Chorus

When the reflection in that glass that held to my lips
Revealed the tears that were on my face
You see, I love you so much, don't wanna see you no
more
One thing I know, I don't wanna be free no more
I would rather go blind (can't stand to see you), babe
(with blindfold)
When I see you walking away from me
I would rather not go blind, babe (I can't stand it babe)
When I see you walking away from me (can't stand to
see you walk away)

Bridge

Chorus (4x)

Oh you make me
Something that told me it was over with you
When I saw you and that boy were talking, well
Something deep down in my soul just said: 'You're
gonna cry babe'

When I saw you and that man, you're just a young boy's
dream
