(Bahasa)

Jangankan biar hilang semua yang telah diberi
Jangankan pergi rasa manusiawi dan naluri diri
Biar bumi tetap bersinar di bawah mentari
Agar kita tetap bersinar di bawah mentari
Give those gifts from Heaven no way to vanish
Don't let humanity and self instinct fade away
Let the ground beneath
Our feet keep shining by the morning light
Then we can keep the light within as long as we live
under the same sun

Chorus

Let there be joy and harmony
From the roof sky above to the deep blue sea
All that we have under the sun
Singing loud in unheard sounds
Telling us that we are one.
