Hide my path  
Conceal every movement  
Corrupt the sight  
Lead me back to you  
Lead me back

I've searched endlessly  
But nothing could ever bring me closer  
A prisoner of your own will  
There was always something hidden from me  
Buried away  
Nothing is what it seems  
Nothing is what it seems

Hide my path  
Conceal every movement  
Black out the stars  
Drain the rivers dry

Your face haunted me  
Your voice turned to poison  
A shadow of your former self  
Is there anything inside  
A remnant  
A reminder  
Or is it all buried away

You've followed me through my past  
Sou can you hear me?  
Can you hear me?

Finally the arms of sleep embrace me

Alone  
Holding on  
Keep awake  
And breathe the dust

Bring me to my knees  
Upon this tide of fire I'll give in  
Let the current take me out

To become one with the undertow

Ripped from my grasp  
The star that blessed the sky  
Dragged into darkness
