Hear my call,  
Me tempting my melody, let us talk  
Feel my force,  
Taste the new philosophy, take it all  
Join my house  
And enjoy the amnesty, don't let me down  
Try it out,  
Choose my toxicity, I'd be proud

Follow me, follow me, follow me  
And profit from a risk you'll never fear financially  
Follow me, follow me, follow me  
And you can stuff yourself with money avariciously  
Follow me, follow me, follow me  
Don't give a damn on fuddy-duddy, stiff morality  
Follow me, follow me, follow me, follow me, follow me...

Come and find,  
Want a million, one, two, three?  
Come and try  
Here you sign,  
Why to price complexity, and good-bye

Follow me, follow me, follow me  
And profit from a risk you'll never fear financially  
Follow me, follow me, follow me  
And you can stuff yourself with money avariciously  
Follow me, follow me, follow me  
Don't give a damn on fuddy-duddy, stiff morality  
Follow me, follow me, follow me, follow me, follow me...

Millions upfront... follow me now  
Options and bonds... follow me now, follow me now  
Swaptions and floors... follow me now  
Caplets and more... follow me now, follow me now,  
follow me now  
ABCP... follow me now  
King SVP... follow me now, follow me now  
Equity shares... follow me now  
CDO squares... follow me now... up and downs...

Hear my call,

Give a damn on bankruptcy, huge and not small  
Crash and fall  
With a bonus guaranteed, get it all

Follow me, follow me, follow me  
And profit from a risk you'll never fear financially  
Follow me, follow me, follow me  
And you can stuff yourself with money avariciously  
Follow me, follow me, follow me  
Don't give a damn on fuddy-duddy, stiff morality  
Follow me, follow me, follow me, follow me, follow me
