One two  
One two three four

You fill my cup  
I wanna drink it all up  
Until I can't see straight  
I can't feel anything  
So get up and get over here  
(Dream)

Come down in a minute  
Let's all get fucked up  
Baby come on  
Let's all fall apart at the seams  
It's the American dream  
(Dream)

I don't worry bout the mess I made  
Because I just got paid  
And I wanna get sideways  
Oh yeah can you feel it  
Sinking in  
So get up and get over here

One two  
One two three four  
(Dream)

Come down in a minute  
Let's all get fucked up  
Baby come on  
Let's all fall apart at the seams  
It's the American dream

You fill my cup  
I wanna drink it all up  
Until I can't see straight  
I can't feel anything  
It's the American dream

Get up and get over here

Get up and get over here  
Get up and get over here  
Get up and get over here

So get up and get over here  
So get up and get over here

(Dream)  
Come down in a minute  
Let's all get fucked up  
Baby come on  
Let's all fall apart at the seams  
It's the American dream

(Dream)  
Come down in a minute  
Let's all get fucked up  
Baby come on  
Let's all fall apart at the seams  
It's the American dream

You fill my cup  
I wanna drink it all up  
Until I can't see straight  
I can't feel anything  
It's the American dream
