[Verse 1]

The sun will always shine on you  
You turn my ocean deepest blue  
I'll never hide my thoughts from you  
You're my deepest blue

[Verse 2]

If mother nature ever chose a name  
I'm sure that you would choose the same  
I'll never hide my thoughts from you  
You're my deepest blue

[Chorus]

Am I dreamin now walkin on the moon  
And I don't know how to reach you baby  
Every time I try to move closer

Am I dreamin now walkin on the moon  
And I don't know how to reach you baby  
Every time I try to move closer

[Verse 3]

We've only got this time to prove  
That together we can make it through  
I'll never hide my dreams from you  
You're my deepest blue

[Verse 4]

If temptation ever came my way  
I know the words I'd always say  
I'll never hide my love from you  
You're my deepest blue

[Chorus x4]

Am I dreamin now walkin on the moon  
And I don't know how to reach you baby  
Every time I try to move closer

Am I dreamin now walkin on the moon  
And I don't know how to reach you baby  
Every time I try to move closer

Am I dreamin now walkin on the moon  
And I don't know how to reach you baby  
Every time I try to move closer

Am I dreamin now walkin on the moon  
And I don't know how to reach you baby  
Every time I try to move closer

Am I dreamin now
