[Music: Demian Tiguez, Lyrics: Fabrizio Di Sarno]

Through an empty heart  
Remains a fading flame  
There is a DIME light  
There is a restfull place  
Love hurts your feelings sometimes  
But I still believe in it  
I had a lonely night  
I couldn't see your face  
But there's a silent hope  
No matter what you say  
Oh, we can't throw that away!  
Tell me you won't go  
I see your hazy eyes.  
But I won't give up, this time, MY LOVE  
No matter how hard you try to scape  
From this hidden desire. Oh my heart  
Bright times will be waiting for your heart.
