This shard of glass reflects only poorly  
The terror that I have become  
It's razor edge elicits longing  
Beckons of release from pain

The memories are a plague to me  
My regret destroys respite  
Ghostly figures accuse me of my sin  
And no release can there be

Offering confidence  
Offering certainty  
Offering complete total sleep

No choice remains  
Driven unto murder  
Consumed with a burning rage  
That makes me stronger  
It gives me purpose  
A captive bound to serve and die

I am the beast that does it's bidding  
I am the monster I abhor  
I sanctioned death. Yet I'm the instrument  
Fulfilling the will of others

Offering confidence  
Offering certainty  
Offering complete total sleep

Now in my cell I pray for death  
Now that my mind is awake  
Now in my pain a deep remorse  
For what I've done

Bathe now my wounds my love  
Rest my head on your hate  
I taste your blood on your lips  
The crimson of my regret

Now in my cell I pray for death  
Now that my mind is awake

Now in my pain a deep remorse  
This shard of glass finds my flesh

No more confidence  
No more certainty  
Only exhilarating freedom
