Through eerie reach of ancient woods  
Where lumbering mists arise  
I journey for nines moons of the year  
To where a land of legend lies

Deep within a stony lamp-lit hall  
Under falling grains of sand  
Magic eyes glance magic pages  
Turned by magic hands

And as he spoke I watched in awe  
A God's aura in his eyes  
Master of all

Darkness fall - Spirits arise  
Lord of Storms - Blacken the skies

With heavy breath, I break the seal  
Howls echo through the room  
Blood lettings of a black Raven's heart  
Conjure up the wraiths of doom

I cannot heed my Master's call  
Lakes of Fire - writhe and swell  
Foolish eyes - while spying Prophet's pages  
Unleash Barons of Hell

And as they rose I watched in awe  
A God's aura in my eyes  
Master of all

Darkness fall - Spirits arise  
Lord of Storms - Blacken the skies
