(?)
I feel that you should know
I have an empty soul.

It's a warning.
It's a warning.

If you leave
If you leave,
I will follow,
I will follow.
What am I?
What am I?

Yes they are stomping on the switches.

suprise(?)
suprise(?)
(?)

Take my back roads
'Round my fences
To an empty view.

If you leave
If you leave,
I will follow,
I will follow.
What am I?
What am I?

Yes, they are stomping on the switches.

Climb the ladder,
Straight to heaven.
Where the creatures dulcify.
Gods and Devils
Take their pillows.
Get in position
to multiply.
Suprise...

It's a warning.
It's a warning.
It's a warning.

If you leave,
If you leave,
I will follow,
I will follow.

If you leave,
If you leave,
I will follow,
I will follow.

If you leave,
If you leave,
I will follow,
I will follow.

What am I?
What am I?

Yes, they are stomping on the switches.
