Starlight...

You must be my lucky star
you shine on me wherever you are.
I think of you, I start to glow..
I need your light, maybe you know..

Starlight, starbright
First star I see tonight,
Starlight, starbright.

Starlight, starbright
First star I see tonight,
Starlight, starbright.

You must be my lucky star
you make the darkness seem so far
When I'm lost, you'll be my guide
I turn around, you're by my side.

Starlight, starbright
first star I see tonight
Starlight, Starbright.

Starlight, starbright
First star I see tonight,
Starlight, starbright.

Shine your light
Shine your light
Shine your light
'cause to make me wanna

Shine your light
Shine your light
Shine your light.
'cause you make me wanna

Shine your light
Shine your light
Shine your light.

'cause you make me wanna...

Starlight, Starbright
first star I see tonight.
Starlight, Starbright

Starlight, Starbright
first star I see tonight.
Starlight, Starbright
