Broken people,hollow and feeble
they're rolling,rolling up the hill
rotten ingrate,stupid mistake
they're rolling,rolling up the hill

wishing wells and cockle shells
they swim throughout my head
my eyes are closing slowly as I'm lowering my head

wanting and getting,silent setting
they're rolling,rolling up the hill
robbing,burning,wasted learning
they're rolling,rolling up the hill

wishing wells and cockle shells
they swim throughout my head
my eyes are closing slowly as I'm lowering my head

breaking in,in my eyes
I can't see like this
I can't let go,please help me down
I can't be like this
seeing them,all around
how can they be so sweet

they panic so,just hold them down
I could live like this
I'm closing in,hey,all around
I could live like this
hearing them in my head
how can they be so sweet

they're all around
hey hear me say
they're so sweet

they're all around
they're so sweet
