You don't know how to start  
Just look inside your heart.  
You know I feel confused.  
I don't know what to choose.  
You'd better take a stand.  
And find out who you are.  
You'd better make a plan.  
'Cause this has gone too far.

When we went to the wishing well  
We thought we saw the light.

If you start start start to wake up,  
Scream Scream Scream all you want.  
See See See what you've done.  
Start Start Start to wake up.

I don't know what to do.  
To make it right for you.  
You tell me I'm no good.  
I feel misunderstood.  
I'm taking blame.  
Playing the same old game.

When we went to the wishing well  
We thought we saw the light  
But even though we took the trip  
It never came out right.

If you start start start to wake up,  
Scream Scream Scream all you want.  
See See See what you've done.  
Start Start Start to wake up.

If you start start start to wake up,  
Scream Scream Scream all you want.  
See See See what you've done.  
Start Start Start to wake up.

If you start start start to wake up,  
Scream Scream Scream all you want.

See See See what you've done.  
Start Start Start to wake up.
