only at nighttime i see you  
in darkness i feel you  
a bride by my side  
i'm inside many brides  
sometimes i wonder  
what goes on in your mind, tho its silent and kind  
unlike the others

other mothers kill the others  
but the others kill their mothers  
i'm going out of my mind cause  
i'm out of my mind with you  
in heaven and hell with you  
i'm out of my mind

nightshift, sisters  
await their nightly visitors  
no they don't bother me  
no they don't bother me

come on inside and submit to my feet  
with a mute dissection  
looking so sweet to me  
please come to me  
accomplish my call, love  
kissing, not kissing  
a happy-go-lucky child always dressed in black

he'll come to you  
he'll come to you  
he'll come to you  
he'll come
