

Synthetic Delusion "Face Value"

Visit "[Face Value](#)" on MotoLyrics.com

This world has nothing to offer me all I hear are the
words of deceit
Nobody wants you to be what they want to be, rather
see you fall than succeed.
Everybody, will speak their words against you, in pure
discouragement, will try to complicate you, and
When you understand, realize what it's worth, it's not
worth nothing to me, you just not valued here, I'll move
on
I'll move on
Your world has nothing to offer me
I will never take what you say to heart nothings worth
the worry or time
And I'll base my decisions on life from experience and
the lessons I've learned
I'll take what I see with my eyes
Motivation comes from my soul
I'll take everything for what it's worth
You wouldn't know I will never listen to you
They criticize who you are, they criticize who you've
been
They judge you upon your success they will be your
friends
I don't need your complication, and I don't need biased
advise,
And I don't value your critique, pick apart my faults I'm
still complete
I don't want your fronted friendships, I don't need your
false respect,
And I don't need your weak support, your just not
valued here this time look what come ugh!!!
