One more time!  
First off  
I've been lied to  
I've been cheated  
Took advantage of  
No reason  
Mind abusing  
No solution  
Not a warning  
I'm ALONE!  
I'm left alone and inside I've died  
Over and over again the same loop of a memory  
I'm left with this stress, and the years of resentment  
apparently beating me mentally endlessly  
Purging out everything from screaming to crying  
Damn this is the worst I've been for years left with no  
solution  
(help me please somebody, before I kill myself) [x4]  
With suicide on my mind - I've unwinded  
And I've given up  
Trying to survive this  
My hate changes many fates him hers yours  
Its too late to escape I abominate  
Sicker than ever in deeper depression  
Stuck - here - abandoned - rejected  
Stop me please somebody, before I kill myself  
Please gotta find a way out, to end my suffering  
I'm losing all my sanity I have to concentrate hard  
Just to breath the negativity is limiting my LIFE  
Sacrificed  
WHY  
All my time  
WHY  
Gave my youth WHY, for you to lie  
WHY  
Hypocrite  
You will feel this  
Before I'm done  
I promise you  
Ready for war now cause it's gonna be suicide, and  
then when you lose I proved you can't take abuse and  
Now I hit harder I'm losing my mind, leaving myself for

the sake of your life, breathing the pain  
Stuck in so many ways insane, afraid, unstoppable  
rage inside agreed no solution  
Why when it hurts so bad it feels so good like it should  
When you don't understand what has happened  
I hit an all time low  
I will not let go  
I need these answers now  
Psycho mentality wish you weren't so pretty  
I know I'm breaking, there is no solution  
Stop me please somebody, before i kill myself  
Please gotta find a way out, to end my suffering  
I'm losing all my sanity i have to concentrate hard  
Just to breath the negativity is limiting my LIFE  
Sacrificed  
WHY  
All my time  
WHY  
Gave my youth WHY, for you to lie  
WHY  
Hypocrite  
You will feel this  
Before I'm done  
I promise you
