You pushed me away
I won't forgive you this time
You pushed me away
I won't forgive you this time
It was something it was something you had to do, so go
your way and please don't ever look back,
Cause it's all over, there is no repairing the mangled
and empty, it's for the good of yourself just believe
me, I wish pain would reside so I can open my eyes an
despise you put me back together, set my emotions for
a long walk back to myself , I hate everyone that had a
doubt,
(All pain aside)
Stay here
And I see the day you walked away
Hate you
And I understand why you can't stay
Stay here
Don't pretend like you won't be remembered
Get out of here now!
What are you hiding?
What are you keeping from me?
What are you hiding?
What are you keeping from me?
Your poison flows through my veins, I will hide till I
purify, no one will ever know where I've gone, my heart
is as empty as it is cold, and I won't forgive you this
time
(All pain aside)
Stay here
And I see the day you walked away
Hate you
And I understand why you can't stay
Stay here
Don't pretend like you won't be remembered
Get out of here now!
What are you hiding?
What are you keeping from me?
What are you hiding?
What are you keeping from me?
Push me out I wont forgive you this time
Push me out I wont forgive you this time

Well you've made me stronger than you,
You made me stronger than all,
You made me stronger this time,
You made me stronger
