How come we can't control this way we strangle life?
What brought these suicidal tendencies alive?
Mass produce another smile and I will laugh.
So sick and tired of every lie that we provide.

Fight for freedom.
Kill some useless kind.
Run for cover - it's safer to watch.
Only when you run.
Only when you hide.
Only when you hate you can be so blind.
Only with the pain of losing control.
Only when you're dead you can be so cold.

Sweet craching sounds of what we've done ring in my
ear.
Do someone hear it too this soundtrack that I fear?
I won't let in no more of duplicated dreams.
We think we're good for real but nothings what it
seems.

Fight for freedom.
Kill some useless kind.
Run for cover - it's safer to watch.
Only when you run.
Only when you hide.
Only when you hate you can be so blind.
Only with the pain of losing control.
Only when you're dead you can be so cold.

A little more of everything and we'll be satisfied
I never steal. I never kill. I only lie.
My confusion is for sale if you can pay.
I know you want it too let's slip away today.
Fight for freedom.
Kill some useless kind.
Run for cover - it's safer to watch.
Fight for fredom.
Stab your useless mind.
Run for cover.
I'm running behind...
Only when you run.

Only when you hide.
Only when you hate you can be so blind.
Only with the pain of losing control.
Only when you're dead you can be so cold.
