We fought your wars with all our hearts,  
You sent us back in body parts,  
You took our wills with the truth you stole,  
We offer prayers for your long lost soul,

The remainder is,  
An unjustifiable, egotistical, power struggle,  
At the expense of the American Dream,  
Of the American Dream, of the American,  
Of the American,

We don't give a damn about your world,  
With all your global profits, and all your jeweled pearls,  
We don't give a damn about your world,  
Right now, right now,

We don't give a fuck about your world,  
With all your global profits, and all your jeweled pearls,  
We don't give a fuck about your world,  
Right now, right now,

There is no flag that is large enough,  
To hide the shame of a man in cuffs,  
You switchd the signs then you closed our blinds,  
You changed the channel then you changed our minds.

You bring about the stick,  
We bring about the confusion,  
Bring about the solution,  
Bring about the fusion,  
Bring about the collusion,  
Bring about the revolution,  
Bring about the revolution,  
Bring it about,

We don't give a damn about your world,  
With all your global profits, and all your jeweled pearls,  
We don't give a damn about your world,  
Right now, right now,

We don't give a fuck about your world,  
With all your global profits, and all your jeweled pearls,

We don't give a fuck about your world,  
Right now, right now,

No flag large enough,  
Shame on a man in cuffs,  
You closed our blinds.

The remainder is,  
An unjustifiable, egotistical, power struggle,  
At the expense of the American Dream,  
Of the American Dream, of the American,  
Of the American,

We don't give a damn about your world,  
With all your global profits, and all your jeweled pearls,  
We don't give a damn about your world,  
Right now, right now,

We don't give a fuck about your world,  
With all your global profits, and all your jeweled pearls,  
We don't give a fuck about your world,  
Right now, right now, right now, right now,  
Right now, right now, right now, pararara...
