Plagiarized existence exist
Among the writers of the word
Shake your spear at Shakespeare
Shake your spear at Shakespeare

Loud and noisy
Strong refrigerators
Gaining independence
Gaining independence

Stupid people do stupid things
Smart people outsmart each other
Then themselves, then themselves
Then themselves, then themselves

Take me down there
Photographic relapse
People feeding frenzy
The devil is so lovely

My blue moon rivets in exits
Forewarned customary spirits
By myself, by myself
By myself, by myself

Take me down there, photographic relapse
People feeding frenzy, the devil is so lovely
Take me down there, photographic relapse
People feeding frenzy, the devil is so lovely
