I need, I feel a love  
You love to love the fear  
I never wanna be alone  
I've forgotten to

The road keeps moving the clouds  
The clouds become unreal  
I guess I'll always be at home  
Do you want me to try  
Directing your night

An exit lights the sky  
The sky becomes complete  
Traveling hearts divide the throne  
I've forgotten to

Friction, lines, bumps  
The highway song complete  
The signs are all turning right  
Do you want me to try  
Directing your light  
Want me to try  
Directing your light

The purest forms of life  
Our days are never coming back  
The cannons of our time  
Our days are never coming back

The purest forms of life  
Our days are never coming back  
The cannons of our time  
Our days are never ever coming back

Our days are never coming back  
Our days are never coming back  
Our days are never coming back
