Put your roulette everywhere  
Parachute your chakram soul  
Help 'em strong and do your best  
I got pictures on my mind

Circumvent your dinky-dong  
One and thrice they're on the go  
You can't tell me that I'm well

I got pictures on my mind  
I got pictures on my mind  
I got pictures on my mind  
I got pictures on my mind

Fair ways for us  
When the present can be sealed  
Away gold dust  
For the mighty conquered meal

Can't you look at my shaved ass?  
Duece is God and got his lungs  
You can see me Saturday

I got pictures on my mind  
I got pictures on my mind  
I got pictures on my mind  
I got pictures on my mind  
I got pictures on my mind
