Praise the Lord and Pass the Ammunition

Come lay it down, won't you,  
Come burn it down, can't you,  
Lay it down, the guns above the ground  
Come lay it down, won't you,  
Come burn it down, can't you,  
Lay it down, the guns above the ground

Nlelith is a prophet  
From the prophet came the king  
From the king came the pauper  
From the pauper came the swing  
From the swing came creation  
From creation came love,  
You don't know what this love is all about,

Praise the Lord and pass the Ammunition  
Praise praise the Lord and pass the Ammunition,  
Life affirming and our spiritual trust

Lay it down, won't you,  
Come burn it down, can't you,  
Lay it down, the guns above the ground

Nlelith is a prophet  
From the prophet came the king  
From the king came the pauper  
From the pauper came the swing  
From the swing came creation  
From creation came love,  
You don't know what this love is all about,

Praise the Lord and pass the Ammunition  
Praise praise the Lord and pass the Ammunition,

Praise the Lord and pass the Ammunition  
Praise praise the Lord and pass the Ammunition,

Buddha, Mohammad and the Hindu  
Lost 100

Praise the Lord and pass the Ammunition  
Praise praise the Lord and pass the Ammunition,  
People still ask when will Armageddon begin,

Dragging my feet any longer through the pussy litter,

Dragging my feet any longer through the pussy litter,

Dragging my feet any longer through the pussy litter,

Nlelith is a prophet  
From the prophet came the king  
From the king came the pauper  
From the pauper came the swing  
From the swing came creation  
From creation came love,  
You don't know what this love is all about,

Praise the Lord and pass the Ammunition  
Praise praise the Lord and pass the Ammunition,

Praise the Lord and pass the Ammunition  
Praise praise the Lord and pass the Ammunition,

Do we ever have enough,  
When we see that blue dove  
Do we ever have enough,  
When we see that blue dove  
We want to go where no one's been  
No one's been

Come lay it down, won't you,  
Come burn it down, can't you,  
Lay it down, the guns above the ground,  
Won't you.
