Pushin' the law again  
Pushin' the law again  
Pushin' the law again

Justice with a sword  
Hispanic knight, abroad

Pushin' the law again

Opening his heart to everyone  
And loving without a doubt

Embracing friends and embarrassing foes  
And those who were unjust

A man true to his heart without fear or misgivings  
With insecurity tattooed across his body

The first to accept, the last to disappoint  
He understood all and expected nothing

Now you are free free to roam in the skies  
Now and then visit me with your starlit eyes

Now, pushin' the law again  
Pushin' the law again

Justice with a sword  
Hispanic knight, abroad

You took all our hearts with your smile  
And left a legacy untold you conquered life and fear  
So you see there was no room for you to grow old

Now you are free, free to roam in the skies  
Now and then visit me with your starlit eyes

Now you are free  
(Now, you are, free)  
Free to roam in the skies  
(Free to roam in the, skies)

Now and then visit me  
With your starlit eyes

Pushin' the law again  
Pushin' the law again
