We don't need your democracy
Execute them kindly for me
take them by their filthy nostrils
Put them up in doggy hotels

We don't need your hypocrisy
Execute real democracy/And ya 'killdren' democracy
Post-industrial society
The unthinking majority

Anti-depressants
Controlling tools of your system
Making life more tolerable
making life more tolerable

Anti-depressants
Controlling tools of your system
Making life more tolerable
making life more tolerable

We don't need your hypocrisy
Execute real democracy/And ya 'killdren' democracy
Post-industrial society
The unthinking majority

Anti-depressants
Controlling tools of your system
Making life more tolerable
making life more tolerable

The unthinking majority

I believe that you're wrong
Insinuating they hold the bomb
Clearing the way for the oil brigade
Clearing the way for the oil brigade

I believe that you're wrong
Insinuating they hold the bomb
Clearing the way for the oil brigade
Clearing the way for the oil brigade

Anti-depressants
Controlling tools of your system
Making life more tolerable
making life more tolerable

Anti-depressants
Controlling tools of your system
Making life more tolerable
making life more tolerable

Anti-depressants
Controlling tools of your system
Making life more tolerable
making life more colorful

I believe that you're wrong
Insinuating they hold the bomb
Clearing the way for the oil brigade
