They Say its all about[Verse 1]

I walk the line

The line I choose

I see the people

In front of me

I climb the wall

The wall of news

I watch them show the tragedy

[Chorus]

If you were me could you defend

The given rights to all of men

Lets fuck the world with all its trend

They say its all about to end

They say its all about to end

They say they say

[Verse 2]

There's a prison thats gone

But the fear lives on

I watch you walking on the dotted line

Maybe you don't see

what's in front of me

Maybe you won't stand the test of time

For we live in sin

For we will win

I watch the president kiss his family

For we live in sin

For we will win

I watch the president fuck society

[Chorus]

If you were me could you defend

The given rights to all of men

Lets fuck the world with all its trend

They say its all about to end

They say its all about to end

They say they say

[Verse 3]

I fall in love with the old times

I never mention my own mind  
Lets fuck the world with all its trend  
Thank god its all about to end  
They say its all about to end  
They say They say!  
They say They say  
They say its all about to end
