I need the feel the love
You love to love the fear
I never wanna be alone
I forgotten to
The road keeps the clouds
The clouds become unreal
I guess I'll always be at home
Do you want me to try
Directing your night
An exit lights the sky
The sky becomes complete
Traveling hearts divide the throne
I forgotten to
Friction, lines, bumps,
The highway song complete
The signs are all turning right
Do you want me to try
Directing your night
Want me to try
Directing your light

(bu-rup-du-rup part)

The purest forms of life
Our days are never coming back
The canons of our time
Our days are never coming back
The purest forms of life (?)
Our days are never coming back
The canons of our time
Our days are never ever coming back

(bu-rup-du-rup part)
