You can feel the groove all over the world
You can feel the groove, yeah, all over the world

Gonna set this place on fire, really turn it on
Gonna take you higher, make you scream and shout
When we get started you can bet, there will be no
standing around
Feel the music, feel the sweat, everybody's getting
down

They feel the groove all over the world
You can feel the groove, yeah, all over the world

Gonna keep on movin' all night, keep it on the one
Gonna party till the daylight, till we see the sun
They'll be dancing in the rain, in the barrios, in the
streets
If you think that they're insane, blame it on the funky
beat

They feel the groove all over the world
You can feel the groove, yeah, all over the world
You can feel the groove, baby, all over the world

Do it do it, baby, do it do it, yeah
Do it do it, do it do it, yeah
Do it do it, yeah, do it do it, do it do it
If you like it do it, yeah

They'll be dancing in the rain, in the barrios, in the
streets
If you think that they're insane, blame it on the funky
beat

They feel the groove all over the world
You can feel the groove, yeah, all over the world
You can feel the groove, yeah, all over the world
You can feel the groove, yeah, all over the world

You can feel it, you can feel it, babe
You can feel it, oh, feel it, yeah
You can feel it, you can feel it

You can feel it, feel it

Groove, babe, all over the world

You can feel the groove, aha, all over the world

Baby, all over the world

You can feel the groove, yeah, all over the world, yeah

You can feel the groove, yeah, all over the world, yeah

All over the world
