From Judgment Night Soundtrack.

WAR!!!

Our government is fucked

Sure to bring us down

The media incites civil unrest

Hatred can bring you down

[Chorus]

WAR!!!

I don't want your war

WAR!!!

WE DON'T NEED YOUR WAR

We don't need your war

WAR!!!

Military beasts starvin countries

Drama brings you to your knees

Spill your blood to save humanity

Dyin for the food we feed

[Chorus]

Our government is fucked

Sure to bring us down

The media incites civil unrest

Hatred can bring you down

Injustice drives you crazy

It drive L.A. insane

In this generation

hatred is the name

[Chorus]

WAR!!!

L.A. '92

Bastard magic should make you cry

The answer to the question is we ain't gonna die

L.A. '92

Police can make me under stress

While all L.A.'s a fuckin mess

Don't patronise my fuckin ass

Some heads will get crashed

L.A. '92

Bush has got his upper cut

He's goin to fuckin war

He won't revert to sticks and stones

Just bullet holes and broken bones

Chaos, chaos, chaos, chaos

Don't give a fuck!

Everybody knock ya down

No weight support so taken down

The juk-jock, ??? ??? ???

We ain't got shit, now had enough

Chaos, chaos, chaos, chaos

Don't give a fuck!

Disorder!!! (x8
