VERSE 1

Stand in the rain as the clouds go grey
The thunder roars and the earth sings
The season's just beginning
The sunlight it hides as the clouds make way
For the pouring of my blessings
I will not be afraid

HOOK

I see it now, I understand, I know
So I embrace it
Dance in the rain it's for my seeds to grow
For every prayer and every seed I've sown
The Lord of the harvest knows
I'm reaping back a hundred fold

CHORUS

The land is green - it's green
Ooooh
The land is green - it's green
Can't you see?
The harvest is ready
Cos the Lord of the harvest told me so
It's green - it's green for me
It's green - it's green for me

VERSE 2

Standing alone can be a heavy load
But my vows I won't be breaking
Though my heart is aching
I got a word and I won't let go
It's Your will I'm seeking
So I keep on believing

REPEAT HOOK

REPEAT CHORUS

BRIDGE

I thought it was over
Thought you were done with me
But we're just beginning oh my life is a journey

I will walk with you
I will go where you want me to
Yes I will go

The land is green - it's green
Ooooh
The land is green - it's green
Can't you see?
(X3)
The harvest is ready cos He told me so
It's green and it's all mine
