I've been lookin' at the past, I've wasted too much time  
On things that won't last  
I've built a kingdom out of rubble and sand  
But I don't, I don't want to hold on to it all  
I'm ready for the river to run and wash it away, I'm  
singin'

Come, sweet water, cleanse my soul  
Shower me and make me whole  
Consume me with healing flood  
Leave no traces of the man that I was  
Before the river came

There's no freedom in the chains  
They hold you captive to the guilt of your stains  
One drop of water brings an ocean of change  
And I long, I long to move on from it all  
I'm ready for the river to run and wash it away, I'm  
singin'

Come, sweet water, cleanse my soul  
Shower me and make me whole  
Consume me with healing flood  
Leave no traces of the man that I was  
Before the river came

Baptize and bury me  
Until only You remain  
(Come and rescue me)  
I don't want to be the man that I was  
Long before the river came

Come, sweet water, cleanse my soul  
Shower me and make me whole  
Consume me with healing flood  
Leave no traces of the man that I was  
Before the river came
