Here in this moment in time  
We search for wonders, for miracles in science  
Something to satisfy the hunger in our soul  
The human rage from deep within the soul

Like a machine in pursuit  
On the horizon like a raging fire we move  
Driven by questions in, in my search for truth  
There is a stirring in us, a great awakening begins

I believe there's a mighty power, I believe it's a lighter  
rain  
And I believe there's a move of God, calling us all  
higher  
Oh, I believe these are the days of the great awakening  
Yeah, the days of the great awakening, yeah, oh, yeah

More than our hearts can contain  
It is an overflow of God's amazing grace  
Coming to reconcile, a world that's lost its way  
Oh, what consuming fire, come purify us once again

I believe there's a mighty power, I believe it's a lighter  
rain  
And I believe there's a move of God, calling us all  
higher  
Oh, I believe, oh, these are the days of the great  
awakening  
The great awakening

There's no containing this great move of restoration  
There's no chains, no walls, no boundaries, no lines  
Without a doubt I do believe, if we'll just get down on  
our knees  
That rain is gonna fall, it's just matter of time

I believe there's a mighty power, I believe it's a lighter  
rain  
And I believe there's a move of God, calling us all  
higher  
Oh I believe, these are the days of the great awakening

I believe there's a mighty power, I believe there's a  
lighter rain  
I believe there's a move of God, calling us all higher  
Oh I believe these are the days of the great awakening

Days of the great awakening , I know these are the  
days  
These are the days of the great awakening  
And I believe there's a mighty move

I believe  
Days of the great awakening  
Yeah these are the days of the great awakening  
Do you believe yeah?  
Days of the great awakening
