To love God, love people
That's the center of the mark
In this life some things are bound to change
But one thing remains the same

We all need love
Time goes by, it moves like a hurricane
And through all the wind and rain

We all need love
As this world just keeps on turnin' round and round
There are treasures to be found
If we just let compassion lead the way
CHORUS

Draw back your bow, let love go
Shoot straight for the heart
With all of you might, set your sight

Take aim from the start
To love God, love people
That's the center of the mark
