What I Need - Deep Side

Genre/Lang. : Hip-Hop

[Verse One]

She aint for me, You the one I need
She was a model chick, pretty thick, in them jeans
Walking out the store on 25th, excuse me.
Can I tell you what my name is?
You looking like the kind a girl I wanna get with.
She ask me what kind of car I drive.
I said the V12
The all white with the chrome and keep it detailed.
And i thought she was the one for me
To please her I started actin' differently
But when i met you,
I felt like i could be myself
You, showed me lovin' like nobody else
You, I never had to ask for nothin'
You, but with her it seemed like it was always somethin'

[Bridge]

Now i know the choice i should have made,
Should have been with you what can I say.
So would you be with me?
Ill be yours eternally

[Chorus]

She may have what I want
But you're the one I need
She may look like the girls in the video
But you're the one for me
I used to think she was so fly
But if you ask why,
Really couldnt tell you why
And it's so clear to see
She aint for me, cause you're the one I need

[Verse Two]

You told me before, I didnt listen
Said that she was playing around, I wouldnt pay

attention

I tried to make it look that we was doing fine,
I didnt wanna tell myself, I wasted so much time

[Bridge]

Now i know the choice that I should have made.
Should have been with you, what else can i say?
So will you be with me?
Ill be yours eternally.

[Chrous]

She may have what I want
But you're the one I need
She may look like the girls in the video
But you're the one for me
I used to think she was so fly
But if you ask why,
Really couldnt tell you why
And its so clear to see
She aint for me, cause you're the one I need.

[Verse Three]

From the bottom of my heart,
I will make a change, i swear i wont put no one else
before you this time
I wanna make a brand new start
So please dont walk away
Im not in love with her, and what really matters is you
is you, is you.

[Bridge]

She may have what I want
But girl you're what I need
This girl is not for me
You're the one I need

[Chorus (2x)]

She may have what I want
But you're the one I need
She may look like the girls in the video
But you're the one for me
I used to think she was so fly
But if you ask why,
Really couldnt tell you why
And its so clear to see, she aint for me
Cause you're the one I need.

She may have what I want
But you're the one I need
She may look like the girls in the video
But you're the one for me

I used to think she was so fly
But if you ask why,
Really couldnt tell you why
And its so clear to see, she aint for me
Cause you're the one I need.
