So long I've waited
For you to come to me
Anticipating what I would say

And no one could know
How it feels to be
In your embrace again
So tender

Yeah, there were times
I could not hold on
With each day that came
A little more hope was gone

I'd look into my heart
To see what I had done
And now I can't believe
The day is finally come

I am walking over the bridge of spies today
Freedom is only one more step away
You only have to hold me
Take me to you

Now the things we wanted
Well, they're so far away it seems
Your love is a distant thing
That I kept deep inside of me

Now if I could show you
Where I lived in my fantasy
On the continent of dreams
You'd be with me

I don't know if I could go through it all again
For what's the point if you are never free to say
This is what I believe, this is a part of me
No hero, no regrets but only meant to be

I am walking over the bridge of spies today
Freedom is only one more step away
You only have to hold me

Yeah, yeah

Walking, over the bridge of spies today
Freedom is only one step away, yeah
You only have to hold me
Yeah, yeah, yeah

Hold me, hold me
Hold me, hold me
Hold me, hold me
