Oh many's the time
I've seen you out walking
You are too shy
To ever talk to me

In my fantasy I say hello
But I want something more you know
Oh honey you to see
Yeah what you could do for me

Pick up that phone and call me
You can have my number
Call me
I will be there
Anytime you want me to be
I will be there
I will be there

You turn away
Oh but then you always do
Cos you're too shy to see
Oh what I could do for you

Take a look at me
I catch your eye
Well don't I bend you more
That I won't lie
Oh honey you to see
Yeah what you could mean to me

Pick up that phone and call me
You can have my number
Call me
I will be there
Anytime you want me to be
I will be there
I will be there

Where do I start
Come here I wanna show you
Oh what's in my heart

And maybe you know
But you just can't let go

Pick up that phone and call me
You can have my number
Call me
I will be there
Anytime you want me to be
I will be
Anytime you're looking for me
I will be there

I will be there
I will be there
I will be there
I will be there
