When I found you, how could I know?  
How could I be sure just how hard I'd fall?  
There's a light divined from the colour of your eyes  
I know mesmerized, can't believe it at all

I want you to hold on to love  
No matter where you go  
That's all I want you to know

It's been a long time since I held you close  
But what hurts the most is the waiting in vain  
Through a cold eternity and the lifelong possibility  
That I will never see you again

I want you to hold on to love  
No matter where you go  
That's all I want you to know

Oh,  
I want you to hold on to love  
No matter where you go  
That's all I want you to know

When I found you, tell me how could I know?  
How could I be so sure just how hard I'd fall?

I want you to hold on to love  
No matter where you go  
That's all I want you to know

Hold on, I want you to hold on to love  
And no matter where you go  
That's all I want you to know

Hey, hold on, I want you to hold on to love  
Oh, no matter where you go  
That's all I want you to know

Hold on, I want you to hold on to love  
Oh, no matter where you go  
You know that's all I want you to know

Hey, hey, hold on
