I just feel like talking to someone
I don't care who it is
I just wanna have a laugh
You know how it is, yeah, yeah

All of the day in the same old room
Well, I'm going out of my mind
And I can't throw this out of the window
It's mine all mine, you better believe it

Hell, you know I mean it
I've been on my own too long
In desperation I learned many things
But mostly it's each to their own

Sex talk
Intimate strangers
Well, it's only sex talking on the phone
Love without a face

I just need a pat on the back
Tell me that I'm still alive
Like Spider-Man I'm climbing the walls
I want my prize, yeah, yeah

I don't remember when it crept up behind me
I don't know when I got so wet
All I know is I was looking for something
But I forget

You see that I can't go on living like this
I've been on my own too long
You know I looked around, never found love
Far away it called one day

Sex talk
Intimate strangers
Well, it's only sex talking on the phone
Love, love, love, without a face

I don't remember when it crept up behind me
I don't know when I got so wet

You see all I know is I was looking for something
What was it? What was it? I forget

Ah, well, it's easy for you to be shocked at what I do
You've probably got someone at home
I never had anyone to love me, anyone to hold me
I take what I can on the telephone

Sex talk
Intimate strangers
Well, it's only sex talking on the phone
My kind of love without a face

And we talk, oh, yeah
Intimate strangers
Well, it's only sex talking on the phone
Love, love, love, without a face

Gimme your love
Gimme your love
Talk to me, who, yeah

Sex talk, we talk
We have a good time on the telephone lines
We talk, oh, yeah

Intimate strangers
Well, it's only sex talking on the phone
You say what I want on the telephone
Sex talk, oh, yeah
