You think that you can have anything  
With that money of yours  
Well sure I admired  
All the fun and high flying  
I just don't like the tune you call  
Now everyday in every way  
You gotta try and get a little bit more  
But you can't have that heart of gold  
If it ain't there from the day you were born

Now don't you know  
Any better by now  
You're gonna push it away  
If you push it too far  
Open your mind  
Hear what I say  
I'm talking to you  
I'm gonna say it again

This girl ain't for sale  
This girl ain't for sale

I don't have much to show  
I know but what I've got is my own  
And you showed me some things  
But I didn't see the strings  
Until they caught in the light of the sun  
Now hand in hand  
Ain't what you planned  
Oh it's more like a ring through the nose  
You just wanna say, here's my trophy  
Hey c'mon look at my prize  
Well I don't want to be one of those

No no don't you know, any better by now  
You're gonna push it away  
If you push it to far  
Open your mind  
Hear what I say  
I'm talking to you  
I'm gonna say it again

This girl ain't for sale  
This girl ain't for sale

You circle like a moth to flame  
And the more you can't have you want  
It's just the same  
Hey hey hey yeah!

Don't you know any better by now  
You're gonna push it away  
If you push it too far  
Open your mind  
Hear what I say  
I'm talking to you  
I'm gonna say it again

This girl ain't for sale, oh no  
This girl ain't for sale  
This girl ain't for sale  
This girl ain't for sale  
This girl ain't for sale
