"Drunk In The Spirit"

Once again I gots to grab the mic
And start to bring the funky
I don't know what's happening
But I'm really kinda drunk in the spirit
'cause' I'm not talking about no type of liquor
The Holy Ghost is the one that gets me drunk much
quicker
So let me go ahead and grab the mic and flow
Driving drifle style that you ain't hearing about
'cause' I be into doing brand new things
I bring the styles and Muffler brings the jazzy swings
Like the one that you be hearing in the background
Styles like a moaning and a whole strictly underground
But we be kicking all of these styles on purpose
Never repeat myself and save them lyrics that be
worthless
'cause I be talking about the Great I am, My Savior
The one who gets me drunk constantly

I should be arrested for being under the influence of
the Word
Spiritually hungover
Got me throwing up by the curb
And now the devil wants to make me walk the line
But I'll punch him in the lip and take another sip

Only when we drunk in the Spirit,
You can find T-Bone staggering with the funny sway
Only when we drunk in the Spirit
La De Da La De Da La De De De La De Day

I don't know how to explain the way I feel
My mind is going underground
All I know is that I am about to fall and hit the ground
'cause' my body keeps swaying like a boat
It won't stay still
I'm feeling totally dizzy
The room is spinning like a windmill
It all started when the pastor laid his hands on me
He said "there it goes right through you"
It made my mind go boo ya

So here I am in the studio
Drunk like a wino
Filled by the Holy Ghost so I be feelin' totally fine, yo
La De Da
It makes me want to sing
About the joy he brings
When I do my rappin' thing
The way I feel right now
I wish that you could all feel
The power of the Spirit
That's more stronger then Tequila
'cause' nothing compares to the soul that goes drunk
That's the way that I feel right now
Makes me wonder how
God could have the power
To make a man feel this way
So pass me the Holy water
'cause' I don't drink no Tangorade

Only when we drunk in the Spirit,
You can find T-Bone staggering with the funny sway
Only when we drunk in the Spirit
La De Da La De Da La De De De La De Day

Only when we drunk in the Spirit,
You can find T-Bone staggering with the funny sway
Only when we drunk in the Spirit
La De Da La De Da La De De De La De Day
