Ah, fashigidate, Mr.Boney Bone
Corleon, LiL Zane
And the one and only Busta
Chavigidate, holla at 'em Zane
Let 'em know how we do pimpin'

Wasn't for him I wouldn't be alive, chastised for tellin'
lies
Since then baptized look in my eyes, can you see the
pain?
Why does the sun shine when it rains? Hard times got
me feelin'
Daddy never did a thang, I'm God's chosen
He put me in a rolls and keeps my wrist frozen

Never brown nosin' like an explosin'
I cause a commotion spit the truth like a profit
I talk to the ocean, people fear what they cant
understand
I thank God that I can, I stay focused keepin' Him in my
plan
Never losin' my fate, haters gonna try to degrade
Gotta be in my state of mind to relate

Gotta know this is the end and ain't no time to waist
Time to face your fate and I pray you don't end up in
the lake
Do whatever it takes so many mistakes we make
But we gone all get it right, once we down by the river
side

Goin' down
(We goin down to da river, take it to da river)
Goin' down, baby
(Yo, yo down to da river take it to da river)
Goin' down, goin' down, baby
(We goin' down to da river)

I'm gonna lay down, all of my glocks and automatics
I'm charismatic like crack addicts you wreak havoc
Like road ragers in bare traffic, it gets drastic
But He's fantastic and attractin', never packin', now I'm

fastin'

(Hazard)

With passion how can I get this life everlastin'?
Sick of blastin'and dashin', flashin' like Charles Manson
He payed the ransom, now I'm glory holla dancin'
I'm flippin' it rippin' it, comin' wit lyrical styles y'all
never heard
Steady reachin' partnas that be on them corners flippin'
birds

Forget the english spit rhymes para mi jente
Buster and giovanni bringing beats like tito fuente
Salsa merengue, ripos caliente, asucar sabroso par ti y
para mi
Headin' down to the river side, so I can let the old man
die
When I come out of the water a new man feel it come
alive
Revived with the Holy Ghost and tears in my eyes

Goin' down
(We goin down to da river, take it to da river)
Goin' down, baby
(Yo, yo down to da river take it to da river)
Goin' down, goin' down, baby
(We goin' down to da river)

We so hot, we don't stop
We take it to the river
You know we goin' down, down
'Cause we so hot

I'm sick of packin' all these 9's
Slangin' dimes and smokin' on da marijuana
Chillin' wit pretty momma's from Havana in the
Bahamas
Plus demons tryna see me hot like I'm in da sauna
And I'm just tryna get you loose kinda like Madonna

Call up everybody I know, tell 'em it's time to go
Me and T-Bone in the 6-4 sittin' real low
'Bout to roll to da riverside
Put that liquor to da side ain't no need for gettin' high
Stay alive, pay your tithes

'Cause El shadi, Elohim got me trippin' ya'll
Now I been laying down all of my burdens
Because I don't wanna be left and burnin'
Flirtin' with death and He promise my last breath
Dressed in prison blues, Holy Spirit got me under arrest

I used to be a thug, sold drugs might assault you
Stepped up in da church got converted at the altar
And I don't fault you, fell back and he caught you
Out tryna floss better live what he taught you

Goin' down
(We goin down to da river, take it to da river)
Goin' down, baby
(Yo, yo down to da river take it to da river)
Goin' down, goin' down, baby
(We goin' down to da river)

We so hot, we don't stop
We take it to the river
You know we goin' down, down
'Cause we so hot
