Ladies and Gentlemen
You are now in tune to a unknown buffoon
With enough boom in his tune to blow your mind like
BOOM
Then you assume that I've done something wrong in
my life
But at the same time I'm gonna try to describe the vibe
of the world through my eyes
And maybe you won't despise me or try to deprive me
of the that respect I need
Oh I see, you don't know that a nigga motor just blow
And I'm walkin by myself talking to myself
Up and down the streets when both my feet's is in old
shoes
and all these old dudes talking bout
Oh it aint that bad I walked through the snow to school
Bitch we live in Tallahassee, a place where it never
snows
But it rains on pain cause [xxx] can't take it
My head is a mailbox and it's full and I don't wanna
check it
I wanna buy a whole damn car just to wreck it
Cause this fuck nigga told my wife I got two other girls
pregnant (damn man)
Now you think I'm gonna change cause my wife cries
all night
And I'm not quite the husband type?
You damn right cause I've been livin my whole damn
life with all my damn might
And my damn light bill is due and one day I might see
you and if I fight with you I can take your life in two
ways, the hard way and a bad way cause
if I have a bad day then you might not make it to that
Youngblood's concert (boom boom stomp)
Ladies and Gentlemen, I'm sorry if I'm losin you
But I'm just sick and tired of tryin to get mine
so don't come to me with your 23's with that fake-ass
smile
Smoking on your black and mild cause all the wild I
know what your sayin in your head, this nigga go
stronger than me, longer than me, but he ain't never

gonna be shit cause everything belongin to me.
See I refuse to be abused and misused and accused of
not payin? my dues
I am not a crack addict but if you want everything I got,
you gonna get it cause imma let yo ass have it
Yeah, ok now, what you do is, marinate on that

Ahoooooooooooo (x 4)
