But it's to late they done lost I'm at the top charts
I been above most of these rapper, but I'm still young in

I'm only 16 and now I got a track with T-pain
This is stuff insane, Motivation is the key of the song
This track amazing, straight fire, it's smoking but no

Imma motivation miracle no twin to jesus
But you better take notes from the youngin you seeing
Cause imma soon make it big and just ball for no

Cause boy I'm on it, I still see no opponent
See many immitators but none will ever clone it

But I'm back 16 years old and I'm constantly winning
