Hey, dizzle
Hey, dizzle
Hey, dizzle
Hey, hey

Why are my keys in your hand?
You say you don't want me as a man, anymore?
What a hoe,
We can break up if you want to,
That don't mean you can drive my Toyota, anymore,
not even too the store.
And I believe I

Chorus:

I will walk 1000 miles,
then I will walk 1000 more
just to be that man that walked 2000 miles.
It may take me a while, but I'm running,
I'm running, I'm running,
I'm running no matter how far, you gon' give me back
my car.
Cause I'm running,
I'm running, I'm running,
I'm running no matter how far, you gon' give me back
my car.
Cause I'm running

Don't make it..
for telling that you need you a ride,
let it roll, you know that she is gone.
Cause you ain't driving my Civic,
when all them ghetto ass girls try to sit in,
Anymore, ...
Just believe I

Chorus:

I will walk 1000 miles,
then I will walk 1000 more
just to be that man that walked 2000 miles.
It may take me a while, but I'm running,
I'm running, I'm running,

I'm running no matter how far, you gon' give me back
my car.
Cause I'm running,
I'm running, I'm running,
I'm running no matter how far, you gon' give me back
my car.
Cause I'm running

No custom breaks, no steering wheel,
you better wait, this shit is real.
You gon give me back my car.
Don't put my roof back,
Don't touch my 22's
I want to see, what's gotten into you girl,
now bring me back my car

Chorus:

I will walk 1000 miles,
then I will walk 1000 more
just to be that man that walked 2000 miles.
It may take me a while, but I'm running,
I'm running, I'm running,
I'm running no matter how far, you gon' give me back
my car.
Cause I'm running,
I'm running, I'm running,
I'm running no matter how far, you gon' give me back
my car.
Cause I'm running

No custom breaks, no steering wheel,
you better wait, this shit is real.
You gon give me back my car.
Cause I'm running.
