Alone [x12]

You are my lady...  
My everything, my baby...  
Sometimes you drive me crazy...  
Don't you ever leave me alone...

Alone [x12]

Please don't leave me...  
Please don't leave me...  
Awl alone...  
Aye, aye, aye, aye...

Some ah ya'll may know my lady,  
She keep them clubs packed,  
When you hit the bar ask 'em bout konyak...  
That dark, brown, sexy thing that put a tingle in your  
throat,  
You need her when you smokin a poke  
You can get her by herself or you can get her and her  
best friend coke  
Nah, I ain't talkin bout the drug  
I'm talkin bout the soda yeah cola bro  
An if your stomach ain't strong enough  
Please tell em, don't try to hold her up  
Me an my niggaz ride yea she can roll with us  
When I tell her no she gon blow my motorola up  
If you hit her with no ice she'll burn you like the breath  
of a dragon  
Baby girl be a stallion in a fifth or a gallon  
She's the reason that my rappin  
Career elevated now I'm able to afford to go an buy  
fifty medallions  
If I wanted to, dass why I'm flauntin you  
In a class of your own got these niggaz wantin you

An You are my lady...  
My everything, my baby...  
Sometimes you drive me crazy...  
Don't you ever leave me alone...

Alone, alone... (baby I'm so)

Alone, alone, alone... (please!)

Alone, alone... (baby I'm so)

Alone, alone, alone... (Oh my God...)

I remember when we first met, shit it was crazy for me...

Cause u was short, brown skin, and you had ADAT...

And then I heard your voice come out, I unballed my fist,

I can't remember too much after that but I remember this...

The sound that you made was sweeter then watermelon,

If bein beautiful was a crime then you a felon...

You was right next door so I could see you anytime,

Dinner time, spring, fall, summer, winter time...

This tha episode: boy meets girl, then girl meets world,

Lil' bored, then boy and girl have lil girl

Then the girl grows healthy, year after year,

People wanna hear her talk so she makes it a career,

And girl makes daddy happy

Cause now people know him,

They b hollerin out his name an he don't even know him

I wanna thank you for everything that you gave me

Cause baby you are, baby, baby you are, baby, baby you are...

You are my lady...

My everything, my baby...

Sometimes you drive me crazy...

Don't you ever leave me alone...

Alone [x12]

You are my lady...

My everything, my baby...

Sometimes you drive me crazy...

Don't you ever leave me alone...

Alone [x12]
