Yeah, oh, yeah
Baby, wake up, yeah!
Girl, you all be doing crazy
Somebody I can... real bullets
And I know you're tired to wait, too lazy
To be waken up to all that bullshit
Yeah, let her go, let her go
She'd be with me, she didn't worry about you, you
I wanna call and let you know, let you know
So you won't think it came out of blue

Man, I hope I break up,
You'll be calling in the middle of the night
I'm listening in the...
Making me to wake up, yeah
Please tell me what's the use
She didn't try to find an excuse
To make up, oh, oh
And I really think she don't care anymore
So man to man you're stupid
And I'm like man,
You should have known what she was doing
You need to breakup, oh, oh
You need to break up, oh, oh!
You need to break up!

I've been sitting here watching her stressed out
Cause you've been claiming that she was cheating on
you
Man, and if you think about it,
You really want her to do what she do

Cause man, I hope you break up
You'll be calling in the middle of the night
I'm listening in the...
Making me to wake up, yeah
Please tell me what's the use
She didn't try to find an excuse
To make up, oh, oh
And I really think she don't care anymore
So man to man you're stupid

And I'm like man,
You should have known what she was doing
You need to breakup, oh, oh
You need to break up, oh, oh!
You need to break up!
I can't wait until you break up
She's gonna... when you break up
