I was trying to enjoy my night but you then came here
Turned around looked mighty happy 'fore you came here
I then turn into a rude dude man
Why you had to fuck up the night now we got to fight
I'm gonna knock out your lights

You ain't doing nothing but running ya yapp yapp
You got to go get a couple homeboy I am strapped
strapped
I then turn into a rude dude man
Why you had to fuck up the night now we got to fight
I'm gonna knock out your lights

yo little lady trying to hold you back you better listen to her
She better not talk that shit I'm gonna have to put some
piss right through her
I then turn into a rude dude man
Why you had to fuck up the night now we got to fight
I'm gonna knock out your lights...
C'mon

[Chorus]

Yeah, goddamn, you think you're cool, you think I'm not
- you think you tough
GotDamn, you think you hard, you think I'm soft, you
think you rough
GotDamn, you talking shit, better close your lips, you
need to hush
Before the end of the night I'm gonna have to take your
ass to church
[x2]

It's Sunday at the park I'm chilling trying to get mah flirt
on
Some little lane trying to run that game trying to get his
serve on
I then turn into a rude dude man
Why you gotta fuck up the park I'm gonna put you in the
dark clap on clap off

You ain't doing nothing but running your pie hole
You're gonna make me do something that get eye
swollen
I don't wanna be a rude dude man
Why you gotta fuck up the park I'm gonna put you in the
dark clap on clap off

If that's your car you need to go ahead and get into it
Better not talk that shit you're gonna get bust
something through it
I then turn into a rude dude man
Why you gotta fuck up the park gotta put you in the
dark lights on lights off

[Chorus]

Yeah, goddamn, you think you're cool, you think I'm not
- you think you tough
GotDamn, you think you hard, you think I'm soft, you
think you rough
GotDamn, you talking shit, better close your lips, you
need to hush
Before the end of the night I'm gonna have to take your
ass to church

[Bridge]

Them niggas think they're hard, so why they think I'm
not
Until I pull they card and I show them what I got kinda
like move[gun cocks] [gun shot] (you don't wanna play
around here)
I'm like them niggas think they hard, so why they think
I'm not
Until I pull they card and I show them what I got kinda
like move[gun cocks] [gun shot] (you don't wanna play
around here)
Them bitches think they hard, so why they think I'm not
Until I pull they card and I show them what I got kinda
like move[gun cocks] [gun shot] (you don't wanna play
around here)
Them bitches think they hard, so why they think I'm not
Until I pull they card and I show them what I got kinda

like move[gun cocks] [gun shot] (you don't wanna play
around here)...you stupid

[Chorus]

Yeah, goddamn, you think you're cool, you think I'm not
- you think you tough

GotDamn, you think you hard, you think I'm soft, you
think you rough

GotDamn, you talking shit, better close your lips, you
need to hush

Before the end of the night I'm gonna have to take your
ass to church
