[Verse]

See once upon a time there was a girl
That fell in love with a boy
And he watched the news while he was cleaning his
shoes every day
See I was really in a perfect world
'Cause for this boy and this girl
Their relationship stopped they never ever made love
They barely talked to eachother
But you would think they were the perfect couple
Not knowing that they both been living double
They go out to eat and every time that they meet they'd
get along
Sit down and then they talk and even smile
'Cause nobody knows all the work
In the end of the night they gonna get in a fight when
they get home

[Hook]

And that's why I wish that I could live in a fairytale
'Cause everyday would be so good
But when it comes to this love thing
I'ma show the whole world
And I would kill myself if I could, if I could
And I would kill myself if I could
'Cause when it comes to this love thing
I'ma show the whole world
And I would kill myself if I could

[Verse]

See once upon a time there was a man
Who was in love with a lady
They went on morning walks and they would talk and
talk
About how they are happily married
One day that man went on a ride
And had a girl in his passanger side
Then the ladies saw him and he tried to call him
But she ain't getting no answer
She leaving boy smells, black scene
'Cause all she can think about is him and the girls

sexing

The best thing to do is follow him to the spot
And she gon' kick the door in if he like it or not
So the lady (lady)went crazy (crazy)
She said how can you do this to me baby
She told him to go hennesy with the girl she with
But he better pack his shit when he get home

[Hook]

And that's why I wish that I could live in a fairytale
'Cause everyday would be so good
But when it comes to this love thing
I'ma show the whole world
And I would kill myself if I could, if I could
And I would kill myself if I could
'Cause when it comes to this love thing
I'ma show the whole world
And I would kill myself if I could
