[Bridge]

I feel so much better
I know I said I'll never ever drink again
But now I feel like I never had before
Get out on the floor and show 'em what it's for

[Hook x2]

Patrone can I get that remmy can I get that coke can I
get that henny
Can I get that margareta on a rock rock rock
It get salt all around that rim rim rim rum

[Verse]

Can I get that
When I walk up in the club gonna hit that
Shawty wanna break me off like a kitkat
Get a couple bottles and a couple models and I wanna
sip that patrone!
Put 'em in the zone can I get that henny when I'm
already in it
Can I get that margareta when I'm chilling with a
mamachita
Mama see you later home tonight I know
I said I should stay in my bed
I'm in the floor instead party rocking with my baby
So now I never say never she leave me for later
That's why I gotta keep her on the dance floor
Said I

[Verse]

I'm late for whatever whenever y'all they came
Spit some for their pain y'all know their names
They be go to private school but now there's private
planes
And we stay around the world in hotels under private
names
Bartender give me your bottled water and
Put your drinks in the air it's volley time
Everybody grab a mouth by chrome
The difference is this low cal and police man
I don't mean to brag so don't think wrong
Guess I'm out of backpain let's get our drink on
Mama over there named judy and she got a tutty juicy
booty
You can put a drink on
Everybody got their cars but they ain't chippin' in
Know what that means they ain't drinking
These type of things happen all the time
Y'all better get yours 'cause I'm gonna get mine

[Bridge]
